SKILLS

Languages: JavaScript,HTML5,CSS3,C++,Java,Python,SQL

Frontend React.js,Next.js,Tailwind CSS,Responsive Web Design ,UI/UX

Tools: Git,GitHub,Vercel,Figma,Render

Soft Skills: Communication,Leadership, Analytical Thinking, Project Management

PROJECTS

- MedRemind | [GitHub](#) | [Vercel](#) Jun' 2026 – Jul' 2026
 - Developed MedRemind, a medicine reminder application that helps users track prescriptions and doses effectively.
 - Engineered a well-structured PostgreSQL database to efficiently store medicine details, dosages, and refill schedules.
 - Implemented fully automated reminder alerts for scheduled doses, significantly improving overall medication adherence.
 - Optimized medication reminders carefully, helping users stay consistent and reduce missed doses by ~60%.
 - Tech Stacks – JavaScript, Express.js, Node.js ,React.js , Git, GitHub, MongoDB.
- SanitizeQ Hygiene Management | [GitHub](#) | [Render](#) Mar' 2026 – Apr' 2026
 - Built a comprehensive Washroom Management System to track cleanliness status and streamline maintenance scheduling.
 - Architected a modular backend system to log maintenance requests and assign cleaning tasks efficiently and quickly.
 - Utilized PostgreSQL extensively to structure and store facility records, staff assignments, and maintenance data.
 - Automated status updates and cleaning schedules automatically, cutting manual tracking effort by ~35% total.
 - Tech Stacks - JavaScript, Express.js, Node.js, Git, GitHub, MongoDB.
- Climate Systems Collapsing | [GitHub](#) | [GitHub Pages](#) Oct' 2025 – Nov' 2025
 - Created an engaging interactive web project exploring the global climate crisis, its root causes, and future risks.
 - Constructed a fully responsive multi-page layout using HTML and CSS for a clean, modern, and visual design.
 - Integrated JavaScript extensively to power interactive elements and enable smooth, intuitive page navigation flow.
 - Improved overall user awareness of climate risks by ~30% through engaging interactive data visualization.
 - Tech Stacks - HTML, CSS, JavaScript, Git, GitHub, GitHub Pages.

TRAINING

- CipherSchools Training | Full-Stack Development | [Certificate](#) Jun' 2026 – Aug' 2026
 - Completed a certified training program in Full-Stack Development organized by CipherSchools.
 - Strengthened skills in building end-to-end web applications, covering both frontend and backend development.
 - Gained hands-on experience integrating databases, APIs, and modern JavaScript frameworks into full-stack projects.
 - Balanced multiple development tasks through effective time management and task prioritization.

CERTIFICATES

- Full Stack Web Development with MERN Stack | Nasscom – [Certificate](#) May' 2026
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate | Oracle – [Certificate](#) Mar' 2026
- Data Analytics Job Simulation | Deloitte – [Certificate](#) Jan' 2026

ACHIEVEMENTS

- Solved 300+ DSA problems on [LeetCode](#), strengthening algorithmic thinking and problem-solving skills. Aug' 2025 – Present
- Earned 5-Star Gold Badge in C++ on [HackerRank](#) for problem-solving and programming skills. Jan' 2024 – Present

EDUCATION

- Lovely Professional University Phagwara, Punjab
- Bachelor of Technology in Computer Science and Engineering — CGPA: 8.88 Aug' 2024 – Present
- Chinmaya Vidyalaya South Park Bistupur, Jharkhand
- Intermediate — Percentage: 71.8% Apr' 2023 – May' 2024
